Over the past 3 years, Public Safety Marketing has utilized the services of Get It Done Mailing Service, Inc. (GID) to conduct more than 60 mailings.

Our organization specializes in direct mail fundraising services. Many of our clients rely solely on funding from direct mail campaigns to stay in operation. It is very important to have a reliable mailing service to conduct these mailings.

GID always provides high quality and reliable services. ***GID has never failed to come through for us!*** Many times, as mailing deadlines draw to a close, GID always finds a way to meet the mailing deadline.

GID customer service is excellent! We are kept up-to-date on the status of each project. If we have questions, someone is available to answer in a polite and courteous manner.

We have been extremely satisfied with the professionalism and attention to detail that goes into each and every GID mailing. We highly recommend GID for all of your direct mail needs.

Sincerely,

Michael Henry
Vice President
